## Amoré® Definitions

---

You may notice there are some words in front of the rose names. Below are what they all mean:

<b>Amore®</b>	Our very special varieties, they have the x-factor
<b>Floranza®</b>	Very floriferous
<b>Decoranza®</b>	HT, single blooms, perfect for vases
<b>Romanza®</b>	Romantic Old-Fashioned, ruffled form.
<b>Faerie®</b>	Miniature/Patio/Mini-flora/Small Flowered
<b>Pixy®</b>	Miniature, small flowered
<b>Wonder®</b>	Roses to be admired
<b>Starlet Rose®</b>	A climber or 'rising star'

### Health Meanings

<b>Average Health</b>	Will need the occasional spray if the conditions are such that disease is around.
<b>Disease Tolerant</b>	May get the occasional spot but will just keep on growing without treatment.
<b>Disease Resistant</b>	Doesn't need spraying, very rarely gets any disease, maybe a spot or two in really bad conditions.
<b>Diva</b>	As the name suggests, these will need extra attention and a regular spray programme.

## New Releases

- 10 FLORANZA® Bright & Breezy
- 11 WONDER® Morrinsville Rose

- 29 DECORANZA® Pirate King

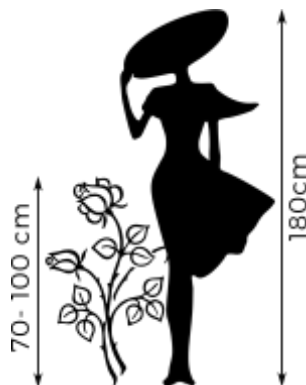

These are a completely new type of rose and are being especially bred for us by our talented rose breeders around the world to cater for the modern smaller garden spaces of today. These Bambina Roses® are completely new to NZ and only available through Amore Roses. Bambina Roses® are shorter growing so take less space than traditional large roses but make more impact in colour and size than the smaller Piccolo and patio sized roses.

Bambina Roses® grow less than a metre tall with large Flowers. They produce bursts of colour all summer long and many of them are highly fragrant, perfect for your outdoor entertainment areas.

Our Bambina Roses® have a multitude of uses. They can be planted in pots for the patio deck or in the garden providing mounds of colour and take up less space than the larger roses. Bambina Roses® also make great landscape plantings, Bambina Rose® bushes can be used for lovely low hedges and borders being low maintenance and easy care.

### AMORE® Espresso

A very unique colour coupled with a spicy clove fragrance makes this a very desirable rose. Not only that, but it is highly disease Resistant with dark polished foliage all through the growing season. One of our very special varieties.
